## **BOOK SYNOPSIS**

Medical malpractice lawsuits are common and controversial in the United States. Since early 2002, doctors insurance premiums for malpractice coverage have soared. As Congress and state governments debate laws intended to stabilize the cost of insurance, doctors continue to blame lawyers and lawyers continue to blame doctors and insurance companies. This book, which is the capstone of three years comprehensive research funded by The Pew Charitable Trusts, goes well beyond the conventional debate over tort reform and connects medical liability to broader trends and goals in American health policy. Contributions from leading figures in health law and policy marshal the best available information, present new empirical evidence, and offer cutting-edge analysis of potential reforms involving patient safety, liability insurance and tort litigation.

**MEDICAL MALPRACTICE AND THE U.S. HEALTH CARE SYSTEM** - Are you looking for Ebook Medical Malpractice And The U.S. Health Care System?
